

Vehicle Specifications (Tippers)

This page gives you information about the size of each vehicle type that we use for deliveries.

Please Note: Vehicles must be able to drive in and out of your property without the aid of a banksman. If required, delays and waiting time will be charged on an hourly basis.

4 wheel rigid tipper

Typical Length: 22ft 6ins (6.9m)
 Typical Width: 8ft 6ins (2.5m)
 Typical Height: 10ft 2ins (3.1m)
 Typical Height at full tip: 18ft 6ins (5.58m)
 Max Vehicle Weight: 18 tonnes
 Typical Capacity: 11.5 tonnes

6 wheel rigid tipper

Typical Length: 25ft 8ins (7.9m)
 Typical Width: 8ft 6ins (2.5m)
 Typical Height: 10ft 2ins (3.1m)
 Typical Height at full tip: 23ft (7m)
 Max Vehicle Weight: 26 tonnes
 Typical Capacity: 16 tonnes

8 wheel rigid tipper

Typical Length: 31ft 7ins (9.6m)
 Typical Width: 8ft 6ins (2.5m)
 Typical Height: 10ft 2ins (3.1m)
 Typical Height at full tip: 30ft (9m)
 Max Vehicle Weight: 32 tonnes
 Typical Capacity: 20 tonnes

Articulated Tipper

Typical Length: 46ft 5ins (14.2m)
 Typical Width: 8ft 6ins (2.5m)
 Typical Height: 11ft 6ins (3.8m)
 Typical Height at full tip: 31ft 9ins (9.7m)
 Max Vehicle Weight: 44 tonnes
 Typical Capacity: 29 tonnes

Moving floor artic

Typical Length: 46ft 5ins (14.2m)
 Typical Width: 8ft 6ins (2.5m)
 Typical Height: 11ft 6ins (3.8m)
 Max Vehicle Weight: 44 tonnes
 Typical Capacity: 28 tonnes

Dimensions are approximate and are for guidance only
Capacity (tonnage) will vary depending on the material carried

Vehicle Specifications (Mixers)

This page gives you information about the size of each vehicle type that we use for deliveries.

Please Note: Vehicles must be able to drive in and out of your property without the aid of a banksman. If required, delays and waiting time will be charged on an hourly basis.

4 metre Mixer

Typical Length:	24ft 10ins (7.6m)
Typical Width:	8ft 6ins (2.5m)
Typical Height:	11ft 5ins (3.5m)
Max Vehicle Weight:	18 tonnes
Typical Capacity:	4m ³ metres

6 metre Mixer

Typical Length:	30ft (9m)
Typical Width:	8ft 6ins (2.5m)
Typical Height:	11ft 8ins (3.6m)
Max Vehicle Weight:	26 tonnes
Typical Capacity:	6m ³ metres

8 metre Mixer

Typical Length:	33ft 1ins (10.1m)
Typical Width:	8ft 6ins (2.5m)
Typical Height:	12ft 5ins (3.8m)
Max Vehicle Weight:	32 tonnes
Typical Capacity:	8m ³ metres

**Dimensions are approximate and are for guidance only
Capacity (metres) will vary depending on the material carried**
