 - 6.3.3 the Purchaser will be responsible for the condition of the vehicle or skip which it, its employees, agents or sub-contractors collects the Materials (whether owned or hired) and the Company shall not be liable in any way (including, without limitation, for negligence) for loss or contamination of the Materials resulting from the condition of such vehicle; and

- 6.6 The Company may deliver the Materials by means of separate instalment and each instalment shall be invoiced and paid for in accordance with the Contract. Each instalment shall for the purpose of delivery be treated as a separate supply and a delay or failure to deliver any instalment or any claim by the Purchaser in respect of any instalment shall not entitle the Purchaser to repudiate, cancel or terminate the Contract.

- 6.10 If the Materials are to be left on a street or public highway the Purchaser is responsible for compliance with all regulations and for all steps required including, without limitation, obtaining all necessary licences and/or orders, to ensure the protection at all times of persons or property and shall indemnify the Company against all damages, costs, claims, losses or expenses which the Company may incur as a result of any breach of this **Condition 6.10** by the Purchaser.
- 6.11 The Company shall not be liable for any loss or damages whatsoever whether direct, indirect or consequential (including, for the avoidance of doubt, any liability to any Third Party, pure economic loss, loss of profits, loss of business, and loss of goodwill), costs, charges or expenses resulting from any delay in the delivery of the Materials, or failure to deliver the Materials within a reasonable time (whether such delay or failure is caused by the Company’s negligence or otherwise), nor shall any delay or failure entitle the Purchaser to terminate or rescind the Contract unless it continues for 30 days or more.
- 6.12 Should the Purchaser not terminate or rescind the Contract where so entitled under **Condition 6.11** then any liability of the Company for continued non-delivery shall be limited to either:
- 6.12.1 delivery of the Materials within a reasonable time; or
- 6.12.2 issuing a credit note at the pro rata Contract Price in respect of any Materials which have not been delivered.

If unloading of a rail wagon is delayed beyond the time specified in **Condition 6.7.5**, or is prevented, either totally or partially, from unloading at the discharge point by any reason arising out of or in connection with an act or omission of the Purchaser, its employees agents, or sub-contractors, the Company may require the return of the rail wagon to its premises and in such event the Purchaser shall reimburse the Company any additional costs and expenses reasonably and properly incurred by the Company in returning such rail wagon to its premises and shall pay a further charge (as notified by the Company to the Purchaser from time to time) in respect of each period of 24 hours (or part thereof) during which the rail wagon is unavailable for other use by the Company; and
- 6.13.2 the Purchaser irrevocably and unconditionally indemnifies and keeps indemnified the Company against all losses, costs (including legal costs), expenses, claims, demands, penalties and damages (other than in respect of death or personal injury caused by the negligence or breach of duty (as defined in Section 25 of UCTA) of the Company, its employees, agents or subcontractors) which the Company incurs as a result of any damage to a rail wagon arising out of or in connection with any act, neglect or default (including negligence) by the Purchaser, its employees, agents or sub-contractors; and
- 6.13.3 the Purchaser shall co-operate with the Company and assist the Company as may be reasonably required in respect of scheduling haulage by rail; and
- 6.13.4 detaining the Company’s rail wagons for more than 24 hours may be charged to the Purchaser at the rail operating company’s scale for demurrage in force at the time such detention ceases; and
- 6.13.5 if the Purchaser is entitled to reject any Materials, the Purchaser must reject the entire contents of the relevant rail wagon; and
- 6.13.6 in the event that the Company has agreed that delivery of the Materials shall be by rail and delivery is not possible (for whatever reason) the Company may deliver the Materials by road and the Purchaser shall comply with the provisions of these Conditions in relation to delivery by road.

If the Company delivers more or less than the quantity of Materials ordered, a pro rata adjustment shall be made to the invoice for the Materials if appropriate.

- 7.3 If the Purchaser has a claim for short delivery it must telephone the Company as soon as reasonably practicable and shall then advise the Company in writing within 24 hours of delivery (the “**Notice Procedure**”) of any such claim.
- 7.4 If the Notice Procedure is not followed the Materials will be deemed to have been delivered in the quantities shown on the Delivery Ticket or where there is no Delivery Ticket containing such details on the consignment note and the Purchaser shall not be entitled to make a claim in respect of an alleged shortfall in the Material.
- 7.5 Subject to **Conditions 7.3** and **7.4** above, the Company’s liability for any shortfall is limited to:
- 7.5.1 making good the shortfall within a reasonable time; or
 - 7.5.2 issuing a credit note for the shortfall at the pro rata Contract Price.

8. RISK AND TITLE

- 8.1 Risk in the Materials shall pass to the Purchaser:
- 8.1.1 in the case of Materials to be delivered at the Company’s premises, at the moment of discharge at the Destination on the Company’s premises into or onto the vehicle in which the Purchaser, its employees, agents or sub-contractors collect the Materials or at the moment when the Company notifies the Purchaser that the Materials are available for collection; and
 - 8.1.2 in the case of Materials to be delivered otherwise than at the Company’s Premises, at the moment of their discharge or offloading from the Company’s or Carrier’s vehicle at the Destination or if the Purchaser wrongly fails to take delivery of the Materials, at the time when the Company tendered delivery of the Materials.

 - 8.3.2 keep (at no cost to the Company) the Materials separately and safely stored, satisfactorily protected and identified as the Company’s property.
- 8.4 Until ownership passes to the Purchaser, the Purchaser shall be entitled to resell at full market value or use the Materials in the ordinary course of its business but any such sale shall be a sale of the Company’s property on the Purchaser’s own behalf and the Purchaser shall deal as principal when making such a sale and account to the Company for the proceeds of sale.
- 8.5 The Company shall be entitled to recover payment for the Materials (including VAT, other taxes and Additional Charges or other charges) even though the ownership of any of the Materials has not passed from the Company.
- 8.6 The Company shall be entitled at any time to inspect or recover any or all of the Materials in the Purchaser’s possession to which the Company has title and for that purpose the Purchaser permits the Company or its servants or agents to enter upon any premises occupied by the Purchaser or to which the Purchaser has access and where the Materials may be or are believed to be situated.
- 8.7 On termination of the Contract, the Company’s rights in this **Condition 8** shall remain in effect.

9. THE GUARANTEE

- 9.1 If the Purchaser can establish to the reasonable satisfaction of the Company that:
- 9.1.1 there is a defect in the workmanship of the Company in relation to the Materials; or
 - 9.1.2 there is a defect in the design of the Materials in circumstances where the Company has designed the Materials; or
 - 9.1.3 the Materials are not in accordance with the quality or specification contained in the Contract,
- then, subject to the remaining provisions of this **Condition 9** and **Condition 10**, the Company shall at its sole discretion supply to the Purchaser additional Materials in the same quantity as the defective or non-compliant Materials and which in all respects are in accordance with the Contract or refund all or part (as appropriate) of the price of the relevant Materials (the “**Guarantee**”).
- 9.2 The Guarantee is subject to the following limitations:
- 9.2.1 the Guarantee shall not apply unless the Purchaser notifies the Company in writing of the alleged defect or failure immediately upon its first becoming aware thereof and in any event within 48 hours of delivery of the Materials; or, where the defect or failure was not apparent on reasonable inspection, within 48 hours after the earlier of the discovery of the defect or failure by the Purchaser, its employees, agents or sub-contractors or the time when the defect or failure ought reasonably to have been discovered by the Purchaser, its employees, agents or sub-contractors;

- 9.2.2 the Company will accept no responsibility for the strength or other quality of its Materials if the Purchaser shall have added anything whatsoever to them (other than as directed by the Company), including but not limited to using a different amount of water to that recommended by the Company for the purposes of mixing of the Materials (where applicable);
- 9.2.3 the Company will accept no responsibility for faults in or failure of the Materials due to methods of mixing adopted by the Purchaser or inadequate curing;
- 9.2.4 the Company will accept no responsibility for faults in or failure of the Materials due to placing adopted by the Purchaser, or the effects of frost, heat or inclement weather;
- 9.2.5 the Company will accept no responsibility if the defect or failure in respect of the Materials results from incorrect specification or other data supplied by the Purchaser to the Company;
